DESCRIPTION OF LOGO OF SWAMI RAMA HIMALAYAN UNIVERSITY

Starting from the top, the four pillared building is resting on the foundation of an open book. The four pillars represent the four *Purusharthas* or aims of human life, namely, *Dharma* (Ethical living), *Artha* (Material Prosperity), *Kama* (Emotional Fulfilment) and *Moksha* (Emancipation) and the open book indicates the foundation of learning. Taken together, this part of the logo represents an institution of learning that can help the students achieve the four aims of life by schooling them in moral, practical, emotional and spiritual values and knowledge

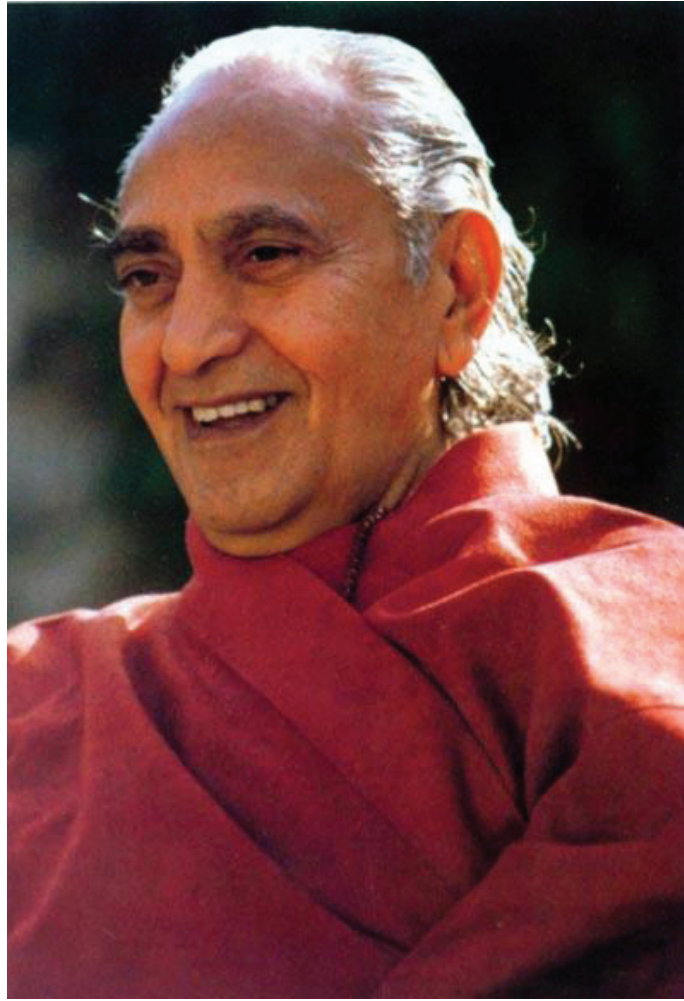

The Sanskrit words, “*Yogaha Karmasu Kaushalam*”, is from the Bhagavad Gita and defines Yoga as perfection in action. H.H. Swami Rama was an ardent advocate of acting skilfully, selflessly and lovingly. The lamp at the center signifies the light of knowledge.

The swan is a classical symbol in India of *buddhi* (faculty of discrimination), as it is believed that a swan can separate milk from a mixture of milk and water. The University would like to impart this quality of *buddhi* to its students

The lotus is another classical Indian symbol signifying being rooted in the practical world but blossoming into the light, like the lotus, which grows in marshy soil but blossoms facing the sun above. The saffron color of the lotus is symbolic of going beyond the outer world to the inner spiritual world.

The words “Love, Serve, Remember” represent the motto given to us by H.H. Swami Rama. He exhorted us to serve our fellow beings lovingly, remembering that the same ONE dwells in each of us and that service to our fellow beings is the best form of worship of the Divine.

The shield represents our protection by knowledge in the battle against ignorance.

H.H. DR. SWAMI RAMA

SWAMI RAMA HIMALAYAN UNIVERSITY

WELCOMES YOU

Introduction

EVOLUTION OF SRHU

Swami Rama Himalayan University (SRHU) has been established by Himalayan Institute Hospital Trust (HIHT), Promoting Society of the University, under section 2(f) of UGC Act and enacted vide Uttarakhand Act No. 12 of 2013. The University has been founded by the Promoting Society to carry forward the legacy of its founder H.H. Dr. Swami Rama. This visionary sage conceived, designed and established HIHT to translate all his dream projects into reality for the benefit of mankind and who remains a guiding force for us in turning the barren land of the foothills of Himalayas into a medical and educational city.

The SRHU purports to provide education, training and enable research in areas of medical sciences, dental sciences, allied health sciences, pharmacy, nursing, management studies, science, engineering & technology, rural development, humanities, law, yoga sciences and other areas of higher education.

SRHU is self financed and a ‘Not for Profit University’. It is functional in an eco-friendly 200 acres campus with residential and recreational facilities. The academic functioning is backed by a large faculty base consisting of intellectuals, academicians and researchers. The courses/programmes offered by SRHU concentrate on development of skill-based professionals & entrepreneurs and their capacity building for self-employment as well as generating employment for others. SRHU addresses the existing challenges by following a redressal approach for facilitating transformational changes by providing the power of education and knowledge.

In the first phase, SRHU became functional in 2013 with three constituent colleges/schools, namely, Himalayan School of Science & Technology (HSST), Himalayan School of Management Studies (HSMS) and Himalayan College of Nursing (HCN). Thereafter, with effect from 1st June 2014, Himalayan Institute of Medical Sciences (HIMS), 1200 bed super-specialty hospital has been added as constituent college/academic units of SRHU. The University offers Diploma, UG, PG courses and Ph.D. program in various specialties.

Over the journey of seven years of the University, the students’ strength as on date has grown tremendously. Faculty members & staff are our strength.

Not only faculty members, but also the students, are involved in research projects which are either funded by the University or external agencies like ICMR, DST, UCOST, NIPCCID, RNTCP etc. Publication of research papers by faculty members is a regular process. Research publications of faculty members in numerous indexed national & international journals is on the increase every year. The students have developed various useful projects under the able guidance of mentors. The University provides financial incentive to faculty members for paper publications and research projects.

Under a well defined policy of the University, financial support is provided to the faculty members & staff for attending conferences, workshops, seminars, training sessions and other programmes either in the country or overseas.

Meritorious students from financially weak background are provided financial assistance in the form of waiving-off their tuition fee by the University during the past four years. In addition, the University awards 'Merit cum Means Scholarship' to the students.

Last, but not the least, the University is actively involved in contributing meaningfully towards the growth of the State of Uttarakhand and Nation by providing education, training, research activities, effective health care services including super specialties at affordable cost under one roof and outreach activities for the social cause.

एसआरएचयू में लगाए गए सोलर प्लांट।

हिमालयी राज्यों में रूफ टॉप सौर ऊर्जा उत्पादन के लिए सरकार की ओर से प्रदान की जा रही 70 प्रतिशत सब्सिडी को देखते हुए सोलर पैनल लगाए गए। प्लांट से 16 माह में संस्थान ने 8.5 लाख यूनिट बिजली पैदा की। उन्होंने बताया कि ग्लोबल वार्मिंग के खतरे दिखाई देने शुरू हो गए हैं। जलवायु परिवर्तन का एक बड़ा कारण बड़े-बड़े संस्थानों में हो रही बेहिसाब बिजली की खपत है। पृथ्वी के संरक्षण के लिए हमें खुद आगे आना होगा। विश्व पृथ्वी दिवस के मौके पर सौर ऊर्जा संयंत्रों को अपनाने की अपील की।

इलेक्ट्रिकल्स और मेकेनिकल मेंटनेंस विभाग के हेड गिरीश उनियाल ने बताया कि एसआरएचयू में 500 किलोवाट के दो सोलर प्लांट काम कर रहे हैं। विश्वविद्यालय की 40 फीसदी बिजली की जरूरत को सौर ऊर्जा से कम किया जा रहा है। सौर ऊर्जा के इस्तेमाल से डीजल तेल के उपयोग में भी गिरावट आई।

हिमालयन हॉस्पिटल में वेजाइनल जेनेसिस की सफल सर्जरी

उत्तराखंड में पहली बार हुआ इस तरह का ऑपरेशन, वैजाइनोप्लास्टी सर्जरी द्वारा योनिमार्ग बनाया

भास्कर समाचार सेवा

डोईवाला। स्वामी राम हिमालयन विश्वविद्यालय के अंतर्गत संघालित हिमालयन हॉस्पिटल में 17 वर्षीय युवती को बॉवेल वैजाइनोप्लास्टी सर्जरी द्वारा योनिमार्ग बनाया गया। बाल शल्य विभाग के चिकित्सकों की टीम ने इस सर्जरी को सफल बनाया। संभवतः उत्तराखंड में इस तरह का यह पहला ऑपरेशन है। हिमालयन हॉस्पिटल के बाल शल्य विभाग के चिकित्सक डॉ. संतोष कुमार ने बताया कि टिड्डी की 17 वर्षीय सुनीता (काल्पनिक नाम) को कई जन्मजात समस्याएँ थी। उसको मलद्वार गलत जगह पर था, जिसकी वजह से उसे मल निकास में तकलीफ रहती थी। इसके लिए, उसने कई जगह दिखाने के बाद हिमालयन अस्पताल में संपर्क किया। यहाँ बाल शल्य-चिकित्सक विभाग में डॉ. संतोष कुमार ने प्रारंभिक जांच में उसके मलद्वार के गलत जगह होने की पुष्टि की। सभी आवश्यक परीक्षणों के बाद उसके ऑपरेशन का निर्णय लिया गया। इस दौरान वह भी राख गया को सुनीता को योनिमार्ग (वेजाइन) भी

वेजाइनोप्लास्टी सर्जरी करने वाली डॉक्टरों की टीम।

जन्म से ही नहीं था। इसे मेडिकल भाषा में 'वेजाइनल जेनेसिस' कहा जाता है। इससे उसे मासिक धर्म के दौरान बहुत तकलीफ होती थी, क्योंकि योनिमार्ग न होने से रक्त बाहर नहीं निकल पाता था। इसी के पहले चरण में उसके मलद्वार को सही जगह पर पुनर्स्थापित किया गया। इस बीच टाइमिंग से उसके मासिक धर्म को बंद रखा गया, ताकि

उसके गर्भाशय में रक्त एकत्रित न हो। छह माह बाद दूसरे ऑपरेशन की योजना पर काम शुरू हुआ। इसका दूसरा चरण काफी चुनौती भरा था। उसका मध्य योनिमार्ग बनाने के लिए सभी संभावनाओं पर विचार करने के बाद बड़ी अंत से योनिमार्ग बनाने का निर्णय किया गया। छह घंटे से भी अधिक समय तक चले जटिल ऑपरेशन में बड़ी

अंत (सिग्मोइड कोलन) के एक हिस्से से नए योनिमार्ग का निर्माण किया गया। इसे 'बॉवेल वैजाइनोप्लास्टी' कहते हैं। सुनीता अब एकदम ठीक है और अब वह एक स्वस्थ जीवन व्यतीत कर सकती है। ऑपरेशन टीम में डॉ. संतोष के अलावा डॉ. आदित्य व डॉ. अंकित व एनेस्थीसिया टीम में डॉ. गुरजीत व डॉ. वंदना थे ने सहयोग दिया।

क्या है 'वेजाइनल जेनेसिस'

हिमालयन अस्पताल के बाल शल्य-चिकित्सक डॉ. संतोष कुमार ने बताया कि 'वेजाइनल जेनेसिस' यानि योनिमार्ग का जन्म से ही न होना एक असामान्य घटना है। आमतौर पर इसका पता बाद में चलता है। जब किशोरावस्था तक भी लड़की को मासिक धर्म शुरू नहीं होता है। ज्यादातर मामलों में इसके साथ और भी बिसंगतियाँ हो सकती हैं। खासकर मुँह या हड्डियों की। अतः इसकी जांच भी जरूरी होती है।

क्या है 'बॉवेल वैजाइनोप्लास्टी'

वेजाइनल जेनेसिस का उपचार ऑपरेशन से ही संभव है। इसके कई तरीके मौजूद हैं। काली मामलों में मरीज की जांच या निर्णय से लंबा निकालकर उससे योनि मार्ग बनाया जा सकता है। और भी तरीके हैं, जिनसे योनिमार्ग बनाया जा सकता है। ज्यादातर मामलों में बड़ी अंत से योनिमार्ग बनाया जाता है। छोटी अंत भी इस्तेमाल की जा सकती है, पर उससे बाद में ज्यादा उलझने होती है। इस तकनीक से बनाई गई योनि लगभग प्राकृतिक योनि जैसी ही होती है, जिसमें सकल यौन संबंध का प्रसारण 70 से 80 तक है।

किशन की मदद को आगे आये भावी चिकित्सक

कहते हैं अच्छा डॉक्टर बनने के लिए अच्छा ईंसान होना भी जरूरी है। इस बात को हिमालयन आयुर्विज्ञान संस्थान के एमबीबीएस तृतीय वर्ष के छात्रों ने सही साबित कर दिया कि भविष्य में वह अच्छे डॉक्टर बनेंगे। हिमालयन अस्पताल में भर्ती किशन के पिता मंदिर के बाहर दुकान लगाते हैं और परिवार की आर्थिक स्थिति कमजोर होने के कारण सर्जरी का खर्च वहन करने में असमर्थ था। किशन और उसके परिवार के दर्द को हिमालयन इंस्टीट्यूट ऑफ मेडिकल साइंसेज के एमबीबीएस के 150 भावी डॉक्टरों ने समझा। छात्र-छात्राओं ने अपने जेब खर्च में कटीती करने के साथ अपने सौनियर व जूनियर बैच के छात्रों से अस्सी हजार रुपये एकत्रित कर किशन के इलाज के लिए मुहैया कराई।

सहित लीवर का 80 प्रतिशत संक्रमित भाग सफलतापूर्वक निकाल दिया। ट्यूमर का वजन लगभग 700 ग्राम था और यह लीवर के बीच में था। इसके बाद मरीज को 12 दिनों तक डॉक्टरों की

कड़ी निगरानी में रखा गया। किशन अब पूरी तरह से स्वस्थ है और घर जा चुका है। कुलपति डॉ. विजय धस्माना व चिकित्साधीक्षक डॉ. वाईएस थिप्ट ने इस सफल सर्जरी के लिए पूरी टीम को बधाई दी।

State's first kidney swap transplant at Himalayan Hosp

PNS ■ HARIDWAR

The Himalayan Hospital at Swami Ram Himalayan University claims to have successfully undertaken the State's first kidney swap transplant. Vikanshu and Aish Mohammad were given a new life through this procedure. Vikanshu is a 21 year old resident of Bijnor in Uttar Pradesh. He was undergoing regular dialysis for nearly a year now. On the other hand, Aish Mohammad, a 34 year resident of Muradpur Hapur in Uttar Pradesh had also been undergoing regular dialysis for years due to the failure of both her kidneys. Family members of Vikanshu and Aish Mohammad say that doctors at many hospitals in big cities refused to go for transplant. The relatives of the patient did not give up and on the advice of relatives, they came to the Himalayan Hospital, where they went to Dr Vikas

Chandel in the nephrology department. Checks revealed that Vikanshu was infected with hepatitis for which he was treated. Dr Chandel said that the blood group of Vikanshu and Aish Mohammed did not match with their respective family members. Due to this, they were advised to go for kidney swap transplant.

It was found that Aish Mohammad's blood group matched with Vikanshu's father Tahar Singh, while Aish Mohammed's mother Rizwana's blood group matched that of Vikanshu. After further investigation, a joint team of nephrology and urology was formed which

successfully conducted the kidney swap transplant. The chief medical superintendent of the hospital, Dr SL Jethani said that Himalayan Hospital is a world class institute in Uttarakhand for kidney transplant. Kidney transplants are successfully done here at half the cost compared to other hospitals. Now both patients are healthy and leading a normal life.

Those in the team which carried out the procedure included Dr Veena Asthana, Dr Priya, Dr Yogesh Kalra, Dr Sher Singh Chaudhary, Dr Suresh Dangi, Himani, Dhamendra, Baldev Uniyal and kidney transplant coordinator Jagdeep.
